

WEST VALLEY REGIONAL FIRE TRAINING CONSORTIUM

IN CONJUNCTION WITH

SOUTH BAY REGIONAL PUBLIC SAFETY TRAINING CONSORTIUM

PRESENT:

# Low Angle Rope Rescue Operations

## CLASS DESCRIPTION:

The Low Angle Rope Rescue Operational course is designed to provide training for responders in low angle rope rescue operations. These over-the-side operations may be the result of a vehicle accident, hiking mishap, swift water rescue, or search and rescue function in an urban or remote area. This course will also provide training in a subject element required for the CA Urban Search and Rescue (US&R) Basic and Light Operational course by serving as the prerequisite training if you wish to continue your training in a Rescue Systems 1 course.

The Low Angle Rope Rescue Operational course is a 24-hour course taught in a 2-day format. Students will be grouped by squad, team, company, or other similar configuration. Each class session will begin on time, and your attendance is mandatory.

## REQUIRED COURSE MATERIALS & TEXTBOOKS:

- PPE (Helmet, Gloves, Wildland PPE, Safety Boots)
- State Fire Training LARRO Manual (Downloadable from SFT website under "Downloadable Materials")  
<http://osfm.fire.ca.gov/training/pdf/LARRO.StManual.pdf>

## INSTRUCTORS:

Fire Captain Chris Delcour – *City of Woodland Fire Department*
